

# Leopards Creative

## Tasks

This week has been a pretty fun week for our creative projects..... with a Disney theme!

One of the tasks the children were asked to do was to create a brand new character for a Disney film. Can you think of which films they could belong to?

The children also got creative with their snacks this week by creating some delicious Disney delights! Yummy!

Just look at all the other fantastic pieces of work created by the children this week including Lion King themed sunset paintings, Toy Story dance routines and character arts and crafts.

Good job Leopards!
