

THORNHILL PRIMARY SCHOOL

Leopards Learning Diary

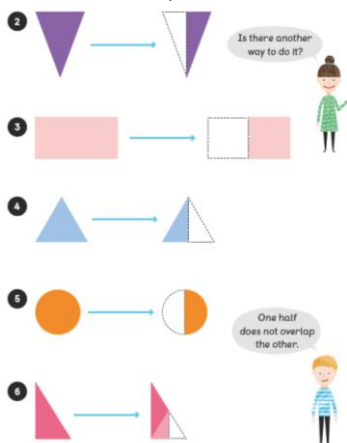

Week beginning:1.4.19

Literacy

This week the children will be carrying out a practice SAT's test in Reading comprehension. We will also be writing about the Easter story and practising our spellings of year 2 words.

Maths

This week in Maths children will be carrying out 2 practice SAT's papers in arithmetic and reasoning. Children will also be assessed on what they have learnt this half term. The children will also learn about 2D shapes using the vocabulary vertex, vertices and polygon, as well as lines of symmetry and how to find them.

Topic

This week in Art the children will be creating a sculpture using natural materials collected from outside. In History children will be learning about how Science has changed from when Isaac Newton was around to now. Children will learn about what Isaac went on to do after his studies in Science.

P.E

In P.E this week the children will use what they have learnt this half term to create their own sequence of actions to perform to the class.

Information

During the week we will be carrying out a practice SATs week to assess the children's progress.

Thank you for all of your support this term. Have a lovely Easter break 😊

Homework

This half term children will be bringing home some sample SATs questions to practice. Please support them with these so that you also know what is expected in a SATs test paper. Thank you 😊

Homework will be linked with literacy, reading comprehension and Maths and some weeks children will receive some topic based homework. Homework will now be handed out on a **Wednesday** and **must** be returned to school by the following **Monday** in order to be marked. **Children who do not complete their homework on time will complete it in a lunchtime detention on Tuesday.**

Homework must be completed in pencil.

Please try and read with your child at least 3 times a week and record it in their reading record to support them in moving up through the stages.
