## Lynx Class Learning Journey 29<sup>th</sup> March 2019

### The Wizard of Oz

Next week are our performances of the Wizard of Oz on Tuesday afternoon and Wednesday evening. The children have been working exceptionally hard to put on a great show for family and friends to come and see. If you haven't already booked yourself a ticket, please make sure that you come in to see Miss Peak. Unfortunately we will not be able to accept anyone without an allocated ticket for either performance.

### NUMERACY

This week in numeracy, the children have been continuing their learning about fractions. The children have done really well with their fractions learning over the last few weeks and the work is now being a real challenge.

Why not have a go at comparing these fractions over the weekend.

$\frac{5}{6} \bigcirc \frac{10}{12}$	$\frac{3}{10} \bigcirc \frac{7}{8}$	$\frac{5}{12} \bigcirc \frac{1}{2}$	$\frac{7}{10} \bigcirc \frac{11}{12}$	$\frac{7}{12} \bigcirc \frac{4}{10}$	$\frac{5}{12} \bigcirc \frac{4}{5}$

### Science

In our science sessions this week, we have been working on how to write up the investigations that we carry out.

This week we wrote about the investigation that we undertook to find out which material is the bounciest.

**Remember to practise lines for the show next week!**

**Have a great weekend**
