

YOUR MINIBEAST PROJECT

Date set: 6th July 2020

Date Due: 7th September 2020

Your mission:

To create a shoe box habitat for a minibeast of your choice, along with research on your minibeast and its habitat. Below we have laid out a series of tasks which we would love for you to have a go at during the 6 weeks holiday.

Plan

Week 1: Go for a bug hunt in an outdoor area to see what you can find. You could take some pictures or draw what you found.

Week 2: Choose one minibeast and research the insect and its habitat. Record three facts that you like most.

Week 3 & 4: Collect resources to create your habitat, please make sure it is no bigger than a shoe box. Find out what your minibeast may like in its home. To the right are some examples ☺

Week 5: Make a small fact file about your minibeast; you can include the facts you discovered in week 2 along with a labelled drawing of your insect and the home you made for it.

Week 6: *Challenge* Create a story about your minibeast and an adventure it may find itself in! This can be written or drawn.
